

SUSPENSION PLATES - Holographic

Note : imperial measurements are rounded from metric

ROUND

SQUARE

		A	B	C	D	E	F
ROUND	INCH	23 5/8"	3 15/16"	8 7/8"	1 3/8"	5/8"	3/8"
	[MILLIMETER]	[600]	[100]	[225]	[35]	[15]	[10]
SQUARE	INCH	27 5/8" x 27 5/8"	3 15/16"	8 7/8"	1 3/8"	5/8"	3/8"
	[MILLIMETER]	[700 x 700]	[100]	[225]	[35]	[15]	[10]

Suspension Plates for Holographic Models

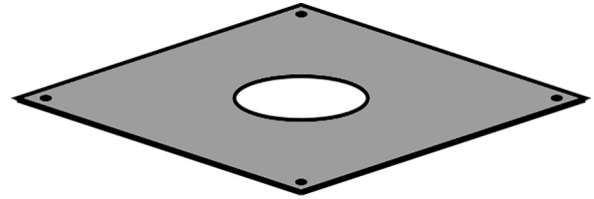

Focus's Holographic models offer a choice of two suspension plates used for mounting the fireplace — round or square.

ROUND

The round suspension plate is designed for installation below the ceiling, offering a clean and seamless finish to the ceiling edges around the pipe.

SQUARE

The square suspension plate is installed above the ceiling, remaining completely hidden from view. Unlike the round plate, it does not provide a visible trim, requiring additional finishing around the pipe for a polished ceiling appearance.
